Dear Kym,

Over the past several years with both Arcadia and Capstone I have worked with several cabinet suppliers. From design, to product, to installation and service, French's Cabinet Gallery and you are unsurpassed.

We have used all your cabinet lines depending on project and all are best value in my opinion. Products however are no better than the people servicing them and you have always been prompt, courteous and more than fair in standing behind your products. In other words you have always gone the proverbial extra mile. You are truly an artist with your design capabilities and your integrity is impeccable.

It is both astonishing and refreshing to find a company that will take care of problems four years after initial install. It is unparalleled and even unexpected. It is only testimony to my earlier comments.

Kym, rest assured in the future, as in the past, if it is in my control no other cabinet supplier will be considered for my projects and no one else will get my recommendation and referral. Unequivocally you are the best!

Best Regards,
